GULFLEX MOLY EP

Gulflex Moly EP is an excellent quality multipurpose Lithium based grease containing 3% Molybdenum Disulfide. Gulflex Moly EP is recommended for the lubrication of automotive chassis points including shackle pins, steering parts like ball joints, suspension units and other parts particularly in trucks, trailers or construction equipment where shock load conditions may prevail.

Gulflex Moly EP is available in NLGI grade 2, and can be used at temperatures from -25°C to 130°C .

Typical Properties (selected grades only)

NLGI Grade	2
Texture	Smooth
Thickener	Lithium Soap
Dropping Point, $^{\circ}\text{C}$	185
Penetration, D 217 worked 60 x, mm/10	280
